

# MECHANICAL FABRICATION

## INJECTION MOLDING

- Precision In-House Tooling
- Plastic Injection Molding (up to 600 tons)
- Silicon & Rubber Molding
- Hot Plate & Ultra-Sonic Welding
- Hot Stamping
- Insert & In-Mold Decoration (IMD)
- Die-Casting: High Pressure Aluminum & Zinc

## SURFACE FINISH

- Automated Painting (UV, spindle, flat bed)
- Powder Coating
- In-House Anodizing
- Pad Printing
- Silk-Screening
- Color Ink jet Printing
- Physical Vapor Deposition (PVD) Chrome

## CNC & EXTRUSION

- Up to 5 Axis Machining Capability
- Auto Lathe Machining Capability
- CCD Automatic Dimension Measurement
- CCD Fully-Automated Sorting
- In-House Laser-Engraving Machines
- Screw Machine Capabilities

## METAL STAMPING

- In-House Tooling Capability
- High-Speed Stamping
- Stamping Equipment (up to 600 tons)
- Robotic Loading/ Unloading
- Secondary Operation (Riveting) Capability

## INDUSTRIES

- Automotive
- Communication
- Computers & Business Equipment
- Consumer Electronics
- Lighting & Industrial Electronics
- Medical & Instrumental

## CERTIFICATIONS

- UL
- ISO 9001 (Quality System)
- IATF 16949 (Automotive)
- ISO 13485 (Medical)
- AS 9100 (Aerospace)
- ISO 14001 (Environmental)
- OHSAS 18001 (Safety)
